SUPPORTING ONE ANOTHER
IS STILL THE BEST REMEDY
FOR FACING A SERIOUS ILLNESS.

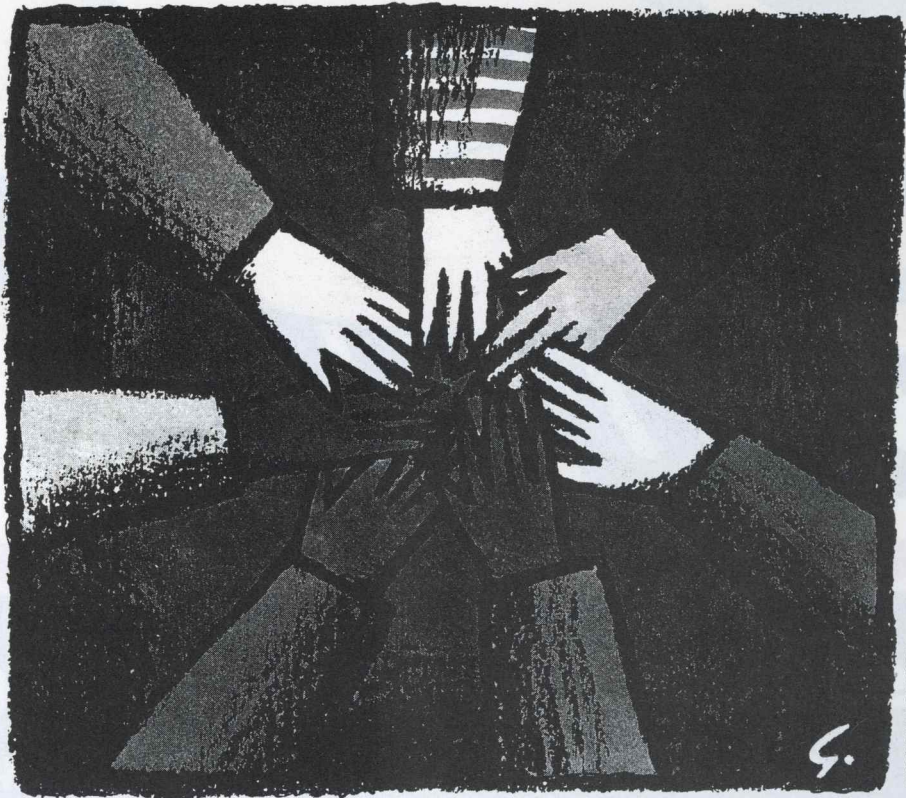

Illustration: Eric Godin

At Pharmaprix, we believe that in addition to the right care from your doctor and the right medication, love and support are still the most effective tools we have for confronting a serious illness. That's why we give our time and money to a number of foundations and hospitals. It's part of our sense of values.

PHARMAPRIX

A better set of values.

AIR CANADA

A word from the Chairman, Organizing Committee, 1999 Shrine Bowl **Grant Peterson**

Each year we select a person from the community to be the Honorary Chairman of the Montreal Shrine Bowl. This year's honouree, **Mr. Vaughan McVey**, has been instrumental in the development of university football and has been a promoter of the Shrine Bowl since its inception.

A native of Montreal, Vaughan attended McGill University where he graduated in 1958 with a B.S. in Mathematics and Physics. More than just an excellent student, Vaughan also played football for McGill for three years and was captain of the senior team in 1956. Vaughan continued with McGill for four years as the team's varsity line coach. During his coaching stint, McGill won the national title, in 1960, for the first time in 31 years. He went on to coach for 6 more years at the city amateur level. He was given the "Certificate of Participation" (below) for coaching in the **1965 Canadian Junior Football Shrine Game**. That year his team, the N.D.G. Maple Leafs, won the C.R.U. Junior Championship.

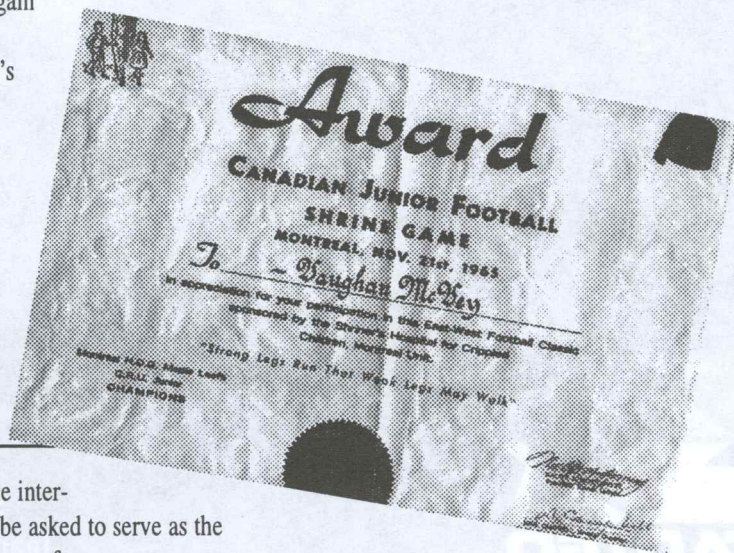

He is now semi-retired from France Compressor Products of Canada Ltd where he was recognized as one of the top engine and compressor scaling component specialists in Eastern Canada.

Vaughan and his wife, Lise, reside in Montreal West. The McVey family is comprised of three high achieving young adults, Lynne, Ken and Gail and five grandchildren. Vaughan encourages his "grands" to follow him down the steep Laurentian ski hills with the warning, "Just don't call me Grandpa!"

We would like to take this opportunity once again to thank him for accepting the post of Honorary Chairman and look forward to his kick-off at today's Shrine Bowl Game!

Now, let's play football!

A word from the Honourary Chairman of the 1999 Shrine Bowl **Mr. Vaughan McVey**

The Shrine Bowl is one of the highlights of the inter-collegiate season for Montreal football fans and to be asked to serve as the Honorary Chairman is indeed a privilege and an honour for me.

This game acts as a showpiece for college ball and has become an annual feature enjoyed by all fans. It is also a wonderful family day with the additional entertainment featured at the game. A big portion of the credit for the popularity of this day should go to the staff at Signa Marco Promotions.

I am also pleased to see that the Shriners have found a comfortable format in working with the universities to stage this game, often joining in with their homecoming celebrations to make it a big day.

Good luck to both teams - I hope you all enjoy the game and this special day - feel good that you have contributed to the Shriners Hospital - everyone wins at the Shrine Bowl...particularly the children.

A final thanks to the Shrine Bowl committee for their hard work and dedication in presenting this game for such a worthy cause.

Shrine Bowl 1992

About our Honourary Chairman, Vaughan McVey

by Tim Burke

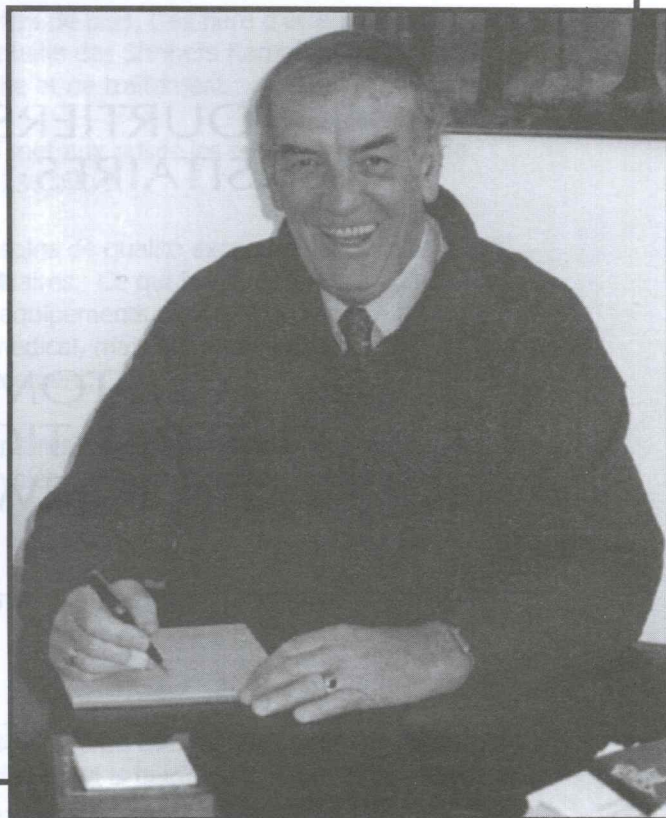

It would be hard to find a fellow with a more enduring dedication to Canadian college football and its traditions than Vaughan McVey, this year's honorary chairman of the Shrine Bowl.

An all-star center-linebacker for McGill 1954-1956, Vaughan later served as line coach of the Redmen under Bruce Coulter from 1958 to 1961. In 1960, they led McGill to its first national championship since 1938.

Dismayed by flagging interest in the game in the '80s, Vaughan and some contemporaries launched an organization called "Friends of McGill Football" in 1985, and served as its chairman for the next 13 years. Since its inception, the group has done much to strengthen the bonds between players, alumni and fans, as well as reinforcing the team's recruiting program.

Now 66, Vaughan is a semi-retired manufacturer's agent for France Compressor. He lives with his wife, Lise, in Montreal West. They have three children and five grandchildren.

He continues to act as consultant to "Friends of McGill Football" and remains a fixture at McGill and Concordia football games.

Joute de football annuelle des Shriners

L'Hôpital Shriners pour enfants de Montréal est, une fois de plus, très fière d'être la bénéficiaire des retombées financières de la partie de football annuelle des Shriners Karnak. Ces fonds servent à subventionner nos programmes de recherche et de traitement.

Depuis son premier botté d'envoi, cet événement qui met aux prises les meilleurs joueurs de calibre universitaire, a permis de récolter au-delà de 230,000 \$.

Ces contributions nous permettent de prodiguer des soins de qualité exceptionnelle aux enfants souffrant de problèmes orthopédiques et neuromusculaires. Ce qui fait la différence à l'hôpital Shriners, c'est un personnel hautement qualifié, des équipements d'avant-garde et un milieu qui tient compte non seulement des problèmes d'ordre médical, mais qui reconnaît aussi que les enfants ont besoin d'amour, d'affection et de divertissement.

C'est de tout cœur que nous remercions tous les membres de la fraternité des Shriners pour leur dévouement sans borne et les efforts toujours renouvelés qu'ils consacrent à améliorer et enrichir la vie de ces enfants.

Annual Shrine Bowl

The Shriners Hospital for Children is once again honoured to be the beneficiary of the kindness and efforts of the Karnak Shriners whose Annual Shrine Bowl is held in aid of our Treatment and Research programmes.

Since its first kick-off, this event has resulted in donations in excess of \$ 230,000.00.

With this support, we are able to offer children suffering from crippling diseases, the very finest of orthopaedic care, consisting of well-trained and competent staff, state-of-the-art equipment, and care that is given in an environment which addresses not only the medical problems, but also carefully bears in mind that children require love, affection and recreation.

We wholeheartedly extend our best wishes to the Shriners involved, and thank them for the considerable time and effort they so freely give to enrich the lives of children in need.

Allan D. Hicks

Players visit children at the Shriners Hospital.

Strong legs run so that weak legs may walk

Montreal Shrine Bowl game has raised some \$214,100 for local children's hospital

By Earl Zukerman

Free high-quality medical care. That's what one hospital network still offers children throughout North America — and the world — who have orthopedic problems or severe burn injuries.

What many have referred to as the "world's greatest philanthropy," Shriners Hospitals for Children are a network of 22 hospitals in the United States, Canada and Mexico that have provided free medical care to over 510,000 children under age 18.

In Montreal, nine simple words — "Strong legs run that weak legs may walk" — have become the official motto of the local Shrine Bowl, an annual charity football game that benefits the Montreal Shriners Hospital for Children since the inaugural bowl game began in 1987.

The Montreal hospital is a 40-bed pediatric orthopedic centre providing comprehensive care to children at no charge. It accepts and treats patients with routine and complex orthopedic problems, utilizing the latest treatments and technology available in pediatric orthopedics, resulting in early ambulation and reduced length of stay.

Last year's Montreal Shrine Bowl game, between the Concordia Stingers and the McGill Redmen, produced a record charitable donation of \$32,200 in net proceeds, towards the Shriners Hospital.

This year will mark the 13th Montreal Shrine Bowl game. This annual event has resulted in more than \$214,100 being directed towards the Shriners Hospital. The organizing committee includes members of the Karnak Shriners, based in suburban Dollard des Ormeaux, in conjunction with officials from McGill and Concordia.

This year's contest slated, for **Saturday, October 2 at 1 p.m.**, will pit the McGill Redmen versus the Concordia Stingers (Vanier Cup finalists in 1998) at Concordia Stadium — in an event which will also double as the Concordia Homecoming game.

A special award presented at the Shrine Bowl is the prestigious **Ted Elsby Memorial Trophy**, in honour of the former Montreal Alouette and distinguished Shriner, which goes to the most outstanding lineman in the contest.

Once again this year, the most valuable player from each team will be selected by the media and will each receive the **John Gilday Memorial Trophy**, in memory of the noble Shriner who was instrumental in supporting this event over the past decade.

Not only has this special game increased awareness of the Shriners Hospital and its free treatment of burn victims and disabled children. In recent years, the annual affair has also created a greater awareness of the calibre of football in the Ontario-Quebec Intercollegiate Football Conference.

This year, for the second consecutive season, the OQIFC has 26 graduates playing in the Canadian Football League. In nine of the last 11 seasons, a player from the OQIFC has been selected to participate in the East-West Shrine Bowl in Palo Alto, California, a showcase for 72 college football seniors played every January and broadcast on both ESPN and TSN. Since 1985, organizers of the East-West game have invited Canadians to participate — usually one from eastern Canada and one from the west.

Over the years, the East-West game has raised close to \$15 million for the 22 Shriners Hospitals. The Shrine is world-renowned for its work with disabled and burned children and has helped thousands of children of every race and religion.

These hospitals offer the finest care and the most modern facilities. And no one pays a cent for their medical care. It's all free, thanks to the efforts of the East-West players and the support of hundreds of thousands of football fans.

Four players from the OQIFC have played in both the East-West Shrine game as well as the Montreal Shrine Bowl, including ex-McGill All-Canadians **Matthieu Quiviger** (who went on to play for the Montreal Alouettes) and **Val St. Germain**, currently with the Edmonton Eskimos. The other players were former Concordia All-Canadians **Paul Vajda** and **Dave Miller-Johnston**.

Of the 29 Canadians who have participated in the East-West game, all but one have gone on to pro ball, including ex-Queen's offensive tackle **Mike Schad** who played for the NFL's Philadelphia Eagles and Los Angeles Rams.

Among the former Shrine Bowl participants are four current players with Montreal Alouettes, including ex-McGill stars **Michael Soles** (a two-time Shrine Bowl MVP) and offensive lineman **Ryan Coughlin**, plus former Concordia standouts **André Bolduc** and **Sylvain Girard**.

Over the past decade, more than two dozen football players have turned pro after having had the opportunity to play in the Montreal Shrine Bowl game.

The list includes the following:

François Bélanger (McGill), Hamilton, Toronto
Robin Bélanger (McGill), B.C. Lions
Ray Bernard (Bishop's), Saskatchewan,
Ottawa, Montreal
André Bolduc (Concordia), Ottawa,
Edmonton, Montreal
Samir Chahine (McGill), Edmonton
Ryan Coughlin (McGill), Montreal

CANADIAN FOOTBALL LEAGUE

Dear Fans:

The Canadian Football League is pleased to welcome you to the 13th Annual Shrine Bowl Game.

The Shriners Hospitals have been providing expert medical care to children for over seventy years, with specialization in orthopedic and burn conditions. All proceeds from today's game will provide essential assistance to the Montreal Shriners Hospital for Children. Due to the kind support of fans like yourself, last year's game raised \$32,000 for this worthwhile cause.

I would like to wish good luck to all the athletes from the McGill Redmen and the Concordia Stingers who are participating in today's game, and once again thank all the fans for their invaluable support of the Shrine Bowl and the Montreal Shriners Hospital.

Enjoy the game!

Kindest personal regards,

Jeff Giles
President/Chief Operating Officer
Canadian Football League

CONCORDIA PIPELINE TO THE PROS

Sylvain Girard is the most recent in a long line of Stingers to join the pro ranks

Former Concordia wide receiver Sylvain Girard was assigned sweater No. 3 by the Montreal Alouettes.

When wide receiver Sylvain Girard signed a free agent contract with the Cleveland Browns on April 18, he became the third Concordia Stinger since 1995 to sign a contract with an NFL team.

Girard spent six weeks working out with the Browns and played in preseason games against the Tampa Bay Buccaneers and the Dallas Cowboys on ABC's Monday Night Football before being released Aug. 16.

"They told me I have good ability," said the Chicoutimi, Que., native after returning to Montreal. "The challenge is to get more experience. I learned a lot and I'm a better player for it now."

In 11 games with Concordia last season, Girard caught 38 passes for 829 yards and 10 touchdowns, giving him an average of 21.8 yards a catch. Those numbers are impressive, but it is his speed that has most professional scouts and coaches drooling. In the 40, his personal best was a 4.24 and he consistently runs a 4.3. At the CFL combine held in March, Girard was the fastest athlete out of more than 40 prospects.

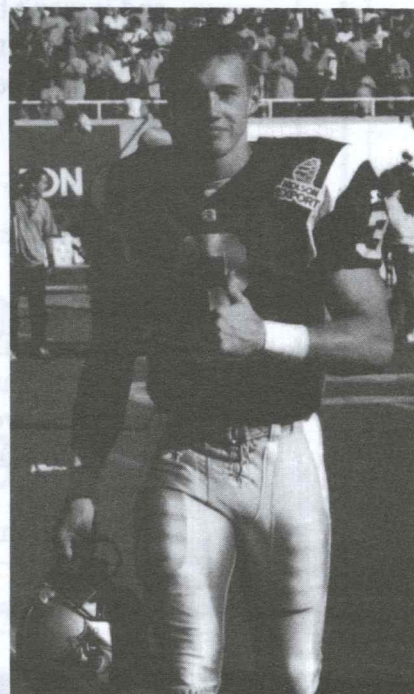

Girard broke two Ontario-Quebec Interuniversity Football Conference records and four Concordia records in his senior year. On Oct. 3 in a game versus the Laval Rouge et Or, he caught six passes for 153 yards and five touchdowns, breaking the conference and Concordia records for most TDs and points scored in a single game. He set the Stinger record for most touchdowns in a season with 10. Girard also holds the Stinger record for most TDs in a career with 23 in four seasons.

When he came home from Cleveland, Girard signed at two-year deal with the Montreal Alouettes. He was the Als' first round selection (5th overall) in the CFL college draft held April 13. He was the top Canadian college player taken in the draft.

Girard is the sixth Stinger currently playing in the league. The others are: slotback André Bolduc, Alouettes; guard Rocco Romano, Calgary Stampeders; fullback Farell Duclair, Winnipeg Blue Bombers; centre James Monroe, Saskatchewan Roughriders; and wide receiver Denis Montana, Toronto Argonauts.

Montana, who lives in St. Jean, Que., was signed by the Houston Oilers as a free agent in 1996. Since then he has been with the Alouettes, the Stampeders, the Miami Dolphins and the New England Patriots.

Cornerback Mark Montreuil was the first Concordia player to head south of the border. He was selected by the San Diego Chargers in the seventh round (237th overall) of the 1995 NFL college draft. He played three seasons with San Diego and was named the Chargers' Special Team Player of the Year in 1996. Montreuil is currently a free agent and is expected to sign another NFL contract shortly. Montreuil is a native of Dollard des Ormeaux, Que.

Former Concordia wide receiver Sylvain Girard

SHRINERS WORKS!

On October 26th 1989 our baby girl was born,
Many tears were cried, our hearts were torn.
We were told she would never walk,
After that painful weekend, we had a chance to talk.
With help and support from our family and friends,
We knew from then on it wasn't the end.

With one leg going east and one leg going west,
Thanks to Harold Wilson, we found out Dr. Brown was the best.
With a few operations on the leg that was good,
And one amputated, we still knew she would.
With one leg weak and the other one gone,
Our determined little girl was still very strong.
From room to room on her hands she'd go,
One minute she was there and the next you didn't know.

The next step was a brace and a new leg with toes,
Walker and canes, a girl with pretty bows.
The first few visits were not very grand,
Then Lindsey made a friend, her name was Joanne.
With her being our therapist, we had lots of faith,
Our appointments at Shriners were easy to take!
And then came the day we will always remember,
1992 the 12th of November.
She walked across the room on the hardwood floor,
All by herself, turned around and went back for more.

She plays outside with her dog, swings and toys
and it won't be long she'll be chasin' boys.
And now in the fall of '93,
It's hard to believe, but we're watching her show
her first 4-H calf in the class called Pee-Wee.

With a lot of love and support from the Shriners,
We know there isn't a hospital finer.

Many thanks to everyone at Shriners Hospital for
Crippled Children in Montreal.

A Special Thanks to Dr. Brown and Joanne Gibis.

Thanks to everyone at BBG Prosthetics.

Thanks to Harold Wilson and Ken Rodgers, and

Thanks to Shriners everywhere for all the good work they do.

Thank you from the Heatlies...Don & Diane & Lindsey

THE TED ELSBY MEMORIAL TROPHY

*Awarded by the
Alouettes Alumni Association*

Presented to the most outstanding lineman in the Annual Shrine Bowl game.

The award is given in honour of one of the Canadian Football League's finest defensive tackles.

Ted was a perennial All-Star for 13 seasons with the Montreal Alouettes and a dedicated Shriner.

Previous winners:

- 1990 Paul Chesser - Concordia
- 1991 Graham Webb - McGill
- 1992 Norm Beaudry - McGill
- 1993 Norm Beaudry - McGill
- 1994 Dan Lavallee - Concordia
- 1995 Ryan Urzada - McGill
- 1996 Matt Nichol - McGill
- 1997 Hugh Irwin - Bishop's
- 1998 Jeff Anderson - Concordia

SHRINERS HOSPITAL FOR CHILDREN

MONTREAL UNIT

H I S T O R Y

Shriners Hospital in Montreal was opened on February 18th, 1925 with a 60 bed capacity for the purpose of providing orthopaedic care to children up to age 14. In later years this was subsequently raised to 16 and to its present limit of 18 years. It is to be noted that the patient whose application is accepted prior to having reached their 18th birthday may be treated until their 21st birthday.

Throughout the course of the early years in treating children, statistics indicated an average length of stay of 90 to 120 days. The most recent statistics (1989 - 10 days) are quite remarkable when comparisons are made. This can be directly related to the increase in clinic visits over the same period of time. Obviously then, a great majority of our work is switching from an in-patient basis to an out-patient basis. This is attributable to a number of things. Primarily the advances in medical care as well as the ability for parents to more adequately care for their children at home aided by pre-discharge training and regular visits to the clinic.

The type of conditions treated today far exceed the range of those treated in the 1920's period, for instance. In addition to treating patients suffering from the "routine" orthopaedic problems, deformed legs, arms, hands, etc., we are now addressing patients who present a number of problems, for instance, Spina Bifida, a condition which occurs at birth when the spine does not close. Depending on where the opening is, the child may be anywhere from totally handicapped to only slightly. Also affected are various bodily functions, urination, walking, speaking, etc. This type of condition is presently treated at the Shriners Hospital, furthermore, we are also treating patients who are afflicted with Cerebral Palsy, whereas 20 years ago this type of patient was not accepted by the Shrine. We are presently providing plastic surgery services for patients with gross deformities. Within the area of urology, our service has developed a highly progressive program wherein certain orthopaedic patients being incontinent, are now rendered capable by way of surgically increasing the size of the bladders and the implantation of artificial sphincters.

As an example, the following clinics are offered: Daily orthopaedic clinic, Scoliosis and spinal deformities clinic, Neuromuscular multi-disciplinary clinic, Hand and Plastics clinic, Metabolic and inherited orthopaedic diseases clinic, Myelodysplasia multi-disciplinary clinic, Rheumatology clinic, and Prosthetic clinic. The medical staff for the Montreal Unit is made up of orthopaedic surgeons and consultants who have appointments at McGill University School of Medicine or University of Montreal School of Medicine. These professionals are highly skilled and come to us with a commitment to serve and to render the highest possible care.

The staff itself consists of a number of "sub-specialists" such as a particular surgeon skilled in scoliosis, dislocated hips, hands, cerebral palsy, etc. The Montreal Unit maintains very close ties with the Montreal Children's Hospital working together to provide the best possible milieu for handicapped children in our area.

In 1986, three years of planning finally resulted in reconstruction of the entire building which produced a modern 40 bed facility. This reconstruction/planning was a lengthy stage caused primarily by our insistence on presenting to the public an institution which responded to not only the functional needs of the hospital but to the human needs of our patients. In essence we constructed the hospital with the philosophy of rendering "family centered care" in mind. This entails bringing the parents into the hospital to follow along with the treatment program of the child. In doing so, we are required them to provide facilities for these new visitors to the hospital. Accommodations, recreation areas, etc. were built in to the existing building and now parents are able to follow along with their child as they go through the difficult stages of surgery and rehabilitation. The presence of the parents greatly enhances the motivational drive of the patient and we are routinely complimented on this aspect of our establishment.

THE MONTREAL SHRINERS HOSPITAL FOR CHILDREN

would like to take this opportunity to say a heartfelt

Thank you

to all of our sponsors and fellow Shriners.

Shriners,

On behalf of the Football Committee we wish to "KICK-OFF" with a big THANK YOU to all who have supported our Hospital by making donations, purchasing tickets and participating as honorary coaches.

This effort by all has made it possible for your Committee to end with another successful year.

We would like to give special recognition to the following for their generous contributions and support.
